Sacramento Transportation Authority
Sacramento Abandoned Vehicle Service Authority

Final Budget

Fiscal Year 2013-14

Introduction

Message to the Governing Board

The Sacramento Transportation Authority (STA) and the Sacramento Abandoned Vehicle Service Authority (SAVSA) staff are pleased to present the Final Budget for Fiscal Year 2013/14. The document represents the proposed operational plan for administering these agencies and provides summary documentation regarding all agency programs.

How To Use This Budget

This document is organized into an easy-to-read format consistent with recommended practices for public agency budgets. It is divided into five sections.

Section 1 provides an agency overview which delineates the purpose of the Sacramento Transportation Authority (STA), identifies the funding categories which make up the STA's budget, and summarizes all agency revenues and expenditures anticipated during the 2013/14 fiscal year. It is formatted to facilitate comparison with the STA's Comprehensive Annual Financial Report (CAFR).

Sections 2, 3, and 4 provide more specific information on each of the STA's major work programs, which are each presented separately for budget purposes. Each of these sections contains a general description of the applicable work program along with a listing of the program's objectives. This is followed by a revenue/expenditure summary and an operating detail, which sets forth the anticipated revenue or appropriations for specific accounts. The accounts are defined in the final portion of each section.

Lastly, Section 5 provides a listing of all transportation projects and programs for which Measure A monies will be allocated during FY 2013/14.

1. Overview

Agency Summary

The Sacramento Transportation Authority (STA)—a Local Transportation Authority—was created in 1988 and confirmed by voter approval of "Measure A," a local referendum to create and fund a 20-year Countywide transportation and air quality improvement program. In 2004, voters approved a 30-year extension of the original Measure. This new term began on April 1, 2009.

The STA administers the Measure A one-half percent sales tax program to ensure that revenues are prudently expended on eligible transportation projects. The STA has also assumed responsibility for administration of the Sacramento Abandoned Vehicle Service Authority (SAVSA) and the Sacramento Metropolitan Freeway Service Patrol (FSP).

The STA Governing Board, consisting of sixteen locally-elected officials, holds the decision-making authority for the STA. Board decisions and policies are implemented by an Executive Director selected by the Board and by staff selected and supervised by the Executive Director.

Operating Budget

The STA has two funding categories:

- The General Fund is made up of the Measure A/STA Administration Program and the Freeway Service Patrol Program.
- The **Special Revenue Fund** represents the operations of SAVSA.

2. Measure A/STA Administration

GENERAL FUND

Program Description

Measure A began as a 20-year transportation and air quality improvement program funded with a countywide one-half percent sales tax. In November 2004, voters approved a 30-year extension to Measure A. The 2013/14 budget year is the fifth year of the 30 year extension.

Measure A administration is the primary function of the STA. Measure A sales tax revenues are collected by the California Board of Equalization and remitted to the STA. The Measure A extension includes the new Sacramento County Transportation Mitigation Fee Program (SCTMFP). SCTMFP revenues are collected by the County and incorporated cities on behalf of the STA. The STA distributes the sales tax and mitigation fee funds to the Measure A entities in accordance with the Measure A Ordinance.

The Measure A entities consist of the Sacramento Metropolitan Air Quality Management District (SMAQMD), the Sacramento Regional Transit District (RT), Paratransit, Inc., the Cities of Citrus Heights, Elk Grove, Folsom, Galt, Isleton, Rancho Cordova, and Sacramento, the County of Sacramento, Capital Southeast Connector Authority, and the California Department of Transportation (Caltrans).

The STA is responsible for overseeing Measure A funds to ensure that they are spent only on approved projects and programs set forth in the Measure A Ordinance. In addition to Measure A administration duties, the STA assists in the coordination of transportation plans and programs among local, regional, and state entities. These planning functions are accounted for in the Measure A/STA Administration Program.

The STA is responsible for overseeing Measure A funds to ensure that they are spent only on approved projects and programs set forth in the Measure A Ordinance and Expenditure Plan.

Program Objectives

- Ensure the effective and efficient use of Measure A funds
- Promote public accountability and transparency
- Safeguard Measure A funds through sound investment strategies
- Assist Measure A entities in creative financing mechanisms which may maximize and leverage Measure A funds
- Assist in the enhancement, cooperation, and understanding of the transportation planning and programming activities within the County

3. Sacramento Metropolitan Freeway Service Patrol (FSP)

GENERAL FUND

Program Description

The Freeway Service Patrol (FSP) Program provides specially trained drivers in tow trucks and service trucks to continuously patrol Sacramento area freeways during peak commute periods looking to quickly locate and fix or move vehicles that have become disabled due to accidents or mechanical breakdowns to get them off the busy roadway. Since approximately one-half of the freeway congestion in Sacramento County is the result of disabled vehicles either blocking the roadway or distracting passing motorists, the FSP Program is one of the simplest and most cost-effective ways to maintain smooth traffic flow. Although designed for congestion relief, the FSP Program also provides a number of secondary benefits, including: motorist assistance services for increased personal safety, reduction in secondary accidents, and improved air quality due to less stop-and-go traffic.

Breakdowns and minor accidents account for approximately one-half of the freeway congestion in the Sacramento region.

The Sacramento Metropolitan FSP Program is administered by the STA in partnership with the California Highway Patrol (CHP) and Caltrans. The Capital Valley Service Authority for Freeways and Expressways (SAFE) is a major funding partner.

Dedicated tow trucks and service trucks patrol over 80 miles of roadway on every major freeway and highway in Sacramento County, including portions of Interstate 5, U.S. Highway 50, Interstate 80, State Route 99, and the Capital City Freeway, plus Interstate 80 in Yolo County. FSP operates every weekday—except holidays—during the morning commute from 6:00 a.m. and 9:00 a.m. and during the afternoon commute from 3:00 p.m. to 6:30 p.m. FSP coverage in Yolo County includes additional Sunday coverage to accommodate the peak flow-through traffic from the Lake Tahoe region back to the San Francisco Bay Area.

FSP drivers usually arrive on the scene of a disabled vehicle within 10 minutes from the time of the breakdown or accident. They will change a flat tire, provide fuel, jump-start an engine, or make other minor repairs to get a vehicle going again. If a vehicle cannot be mobilized within 10 minutes, the FSP operator will tow it to a CHP-approved "safe zone" outside of the freeway corridor.

The Sacramento Metropolitan FSP Program assists approximately 2,500 motorists a month.

Program Objectives

- Facilitate smooth traffic flow in congested freeway corridors
- Maintain rapid response time while increasing the number of assists
- Ensure continued safe operation for both operators and motorists
- Coordinate with other traffic management programs

The Sacramento Metropolitan Freeway Service Patrol program is funded by an annual State allocation intended solely for this purpose. Funds contributed by the Capitol Valley Service Authority for Freeways and Expressways (SAFE) will be used as the required local match for these state funds.

Chart 2. Freeway Service Patrol Appropriations

FSP expenditures go mostly to private tow operators under contract with the STA to provide tow/service operations during FSP service hours. Such payments account for approximately 82 percent of all expenditures.

4. Sacramento Abandoned Vehicle Service Authority (SAVSA)

SPECIAL REVENUE FUND

Program Description

The Sacramento Abandoned Vehicle Service Authority (SAVSA) was established under California Vehicle Code Section 22710 in 1992. The Code allows counties to impose a \$1 surcharge on vehicle registrations to be used for the abatement of abandoned vehicles. Participating jurisdictions include the County of Sacramento and the Cities of Citrus Heights, Elk Grove, Folsom, Galt, Isleton, and Sacramento.

Since the Governing Boards of SAVSA and the STA are the same, SAVSA is deemed a component unit of the STA. For financial reporting purposes, it is classified as a Special Revenue Fund of the STA.

Each year, over 15,000 abandoned vehicles within Sacramento County are abated using SAVSA funding

SAVSA funding allows local entities to pay for vehicle abatement activities which remove abandoned vehicles from local streets and private property. Each participating entity has adopted an ordinance which establishes procedures for the abatement, removal, and disposal of abandoned vehicles. Local entities take abandoned vehicle reports, follow specific procedures for the enforcement of abandoned vehicle ordinances, and contract with private tow companies for the subsequent removal of abandoned vehicles.

Program Objectives

- Assist local entities to implement their Abandoned Vehicle Abatement Plans by providing funding and ensuring compliance with abandoned vehicle abatement legislation
- Promote public accountability and transparency
- Assist in the cooperation and understanding of vehicle abatement strategies of all SAVSA entities to ensure the maximum amount of abatement with the funds available

Resources and Appropriations

Staffing Levels

SAVSA has no staff. SAVSA reimburses the STA General Fund at 15 percent for the Administrative Services Officer III who administers the program and 5 percent for the Senior Accountant for accounting/audit related duties.

Interest	\$1,000	Estimated Ending Fund Balance	\$39,092
TOTAL	\$1,174,092	TOTAL	\$1,174,092

The SAVSA program is completely funded by the vehicle registration surcharge. Approximately 97 percent of the \$1,100,000 collected in fees is distributed to SAVSA entities to fund their abandoned vehicle programs. Distributions to entities are based 50% on population and 50% on the number of abatements performed during each calendar quarter. The remainder is used to reimburse STA for administrative services.
